Prayer and Praise Points South Sudan

Praise points

We give thanks to God for the signing of the peace agreement between the South Sudanese government and opposition groups.

We are thankful for the opportunity to begin a nutrition intervention in one of our locations after overcoming many obstacles.

Praise God for completing the construction of a clinic building despite significant challenges and for allowing the mobile nutrition team to reach those in the most remote locations.

Prayer points

We pray for good relationships with the authorities and with other humanitarian organisations as significant changes take place in the political landscape.

Pray for the health and safety of our team and the communities we serve. We ask God's guidance and wisdom for the Ebola preparedness training and activities.

Please pray that there will be no Ebola outbreak in South Sudan.
